**Subject:** logistics information for Gold King assessment

Hi, John and Shahid. We are making arrangements for Ed Moreen to head to Durango on Sunday. Just wondering about accounting, etc. We can use R10 site funds and if there is a SSID for Gold King we would include that unless there is some other way this is being handled. Also, we were planning to have him fly directly into Durango but please let me know if that is what you all are doing.

Thanks!
